Ms. Jun Hui Lee is the Head of Jipyong ESG Center who joined Jipyong in 2021. Ms. Lee currently oversees the work of the Management Consulting Center and the ESG & Sustainable Strategy Group. Ms. Lee provides “ESG One-Stop Solutions” for corporate risk management and sustainable business growth strategies in the era of ESG, from macroeconomic and industry perspectives to market and corporate management.

Ms. Lee has expertise in corporate sustainability strategies and public-private partnerships (PPPs) through her university studies in international trade and international development, as well as various experiences and know-hows in management consulting that she accumulated at the national policy research institute, an accounting firm, and a law firm. In that capacity, she conducts ESG management data management for companies and customized management projects for each department (strategic planning, safety and environment, purchasing, audit, legal, HR, production, sales and marketing, new business and investment). Recently, Ms. Lee has been actively engaged in policy research, providing C-suite insights to companies, and serving as a private expert, evaluator, and advisor to various organizations.
